County MFIP Biennial Service Agreement

Page 2 of 17

A. Needs Statement

1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

As in previous years, we have a lack of applicants in our county. There are eligible residents that do not apply for assistance. For the ones that do apply, several do not want to meet the requirements of the program or meet with employment services as requested.

7735 characters remaining

2. Besides funding, what is the single biggest challenge you are facing in employment services?

Due to the remoteness of the area, a lack of public transportation for recipients to participate in MFIP required activites or work posing the biggest single challenge. However, we must also add the lack of available and appropriate child care.

A. Needs Statement (continued)

Employment Services Provider(s) Information

Statute <u>2561.50</u>, <u>subdivision 8</u>: Each county, or group of counties working cooperatively, shall make available to participants the choice of at least two employment and training service providers as defined under Minnesota Statutes, section <u>2561.49</u>, <u>subdivision 4</u>, except in counties contracting with workforce centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a Workforce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section G of this form addresses provider choice.

C. Measures

Performance Measures

1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 2561.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the MFIP Annualized S-SI and WPR report for 2017 on the MFIP Reports page on the DHS website. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2017 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2018. MFIP Annualized S-SI and WPR report (PDF)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

N/A

7997 characters remaining

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate** a **multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation.

Supplemental information about the Performance Management System and Performance Improvement Plans can be found on CountyLink: www.dhs.state.mn.us/HSPM. If you would like additional information, contact the DHS Performance Management team at DHS.HSPM@state.mn.us or 651-431-5780.

Administrative Cap Waiver

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email Tria.Change@state.mn.us if you need assistance with the waiver.

1. Describe the activity(s) you will provide.

n/

County MFIP Biennial Service Agreement

to meet specialized needs. Go to Section H.

Intend to submit a financial hardship request.

Page 15 of 17

G. Other (continued)

Does your county:

Financial Hardship Request

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

O Have at least two employment and training services providers. Go to Section H.

• Have a workforce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

- If the county had a choice of providers in calendar year 2015, describe:
 - · factors that have changed which indicate a financial hardship
 - · why the hardship is expected to persist in the near future and
 - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

characters remaining

- Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
 - · major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
 - · the process used to determine the cost of other options (RFP or other county process).

characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.

County MFIP Biennial Service Agreement

H. Budget

Click on the link below to review your service area's 2018 MFIP allocations:

MFIP Consolidated Fund (PDF)

In the budget table, indicate the amount and percentage for each item listed for the budget line items for calendar years 2018-2019. Also note:

- Total percent must equal 100.
- MFIP administration is capped at 7.5 percent unless the county is applying for an administrative cap waiver. To apply for the administrative cap waiver, respond to the questions in Section G under Administrative Cap Waiver.
- If "other" is used, briefly describe the line item.
